QUIET CEREMONY MARKS WILSON-GALT NUPTIALS

Brief Honeymoon Will Be Spent By Newlyweds In Virginia

Associated Press by Federal Wireless] WASHINGTON, D. C., Dec. 19.—President Wilson and his bride reached Hot Springs, Virginia, this morning at a quarter past 8 o'clock for the first day of their honeymoon, which will be spent there, where the motoring and golfing are good. A number of secret service men and one stenographer accompanied the honeymoon couple, while the wedding suite at the Hot Springs hotel has already been connected up by direct, private telegraph wires with the White House, enabling the president to keep in direct touch with national and international developments.

Wedding Simple Ceremony. The wedding ceremony, which was a simple one, was performed at half past 8 o'clock last night. The bride couple descended the stairs of the Galt home, walking together to the temporary altar and kneeling on the prayer rug beneath a canopy of flowers. The simple ceremony of the Episcopal Church was used, the bride being given away by her mother, Mrs. Bolling.

There were no attendants, no music and no ushers.

The officiating clergyman, Rev. Dr. Herbert Scott Smith, was assisted by Rev. J. H. Taylor, the pastor of the church of which the president is a communicant.

In Traveling Dress. The bride was attired in a traveling dress of black silk velvet and wore a picture beaver hat. The president's gift to his bride was a diamond neck brooch.

A buffet supper followed the wedding and the congratulations of the relatives of bride and groom and the few friends present. The bride cut the wedding cake, distributing pieces amongst the guests. Following the supper, at 10 o'clock, the couple left for their train, boarding their special car attached to a special train at Alexandria in order to avoid the crowd gathered at the Union depot. The train left for the South at 10 minutes after 11. The wedding journey began in a heavy rain.

The honeymoon used in the ceremony was one which had formerly belonged to the bride's father.

VIRGINIANS ENTHUSE OVER BRIDAL COUPLE

HOT SPRINGS, Va., Dec. 20.—The president and Mrs. Wilson arrived here on their wedding trip at 9 o'clock yesterday morning, being greeted at the station by several hundred persons, who had received word that the bride couple would arrive to spend their honeymoon here. The hour of the arrival of the special honeymoon train was not definitely known, and the crowd began to assemble early in the morning.

When the president and his bride left their special car, the crowd cheered for both and there were many shouts of congratulations to the smiling president, who acknowledged the good wishes for himself and his bride by repeated bows, as he made his way to the waiting automobile.

The president and Mrs. Wilson went immediately to their hotel, where they remained during the day.

SAN DIEGO, Cal., Dec. 19.—At the hour of the wedding of the president and Mrs. Galt in Washington yesterday, the wedding march was played on the great organ of the exposition and the crowd joined in cheers for the president and his bride. President Davidson, by transcontinental telephone, sent the congratulatory message to the president. Representative Kettner, who received the congratulatory message for transmission to the president, announced over the wire that the president and Mrs. Wilson will visit the San Diego exposition some time during 1916.

ANOTHER SHIFT OF SOIL BLOCKS CULEBRA SECTION

PANAMA, C. Z., Dec. 20.—The expected opening of the canal to light draft vessels yesterday was not accomplished and the 10 steamers which had expected to use the waterway yesterday and today will have to wait until tomorrow or later.

The passage way through the blocked section of the canal at the Gaillard cut had been dredged down to 20 feet on Saturday night, but a slight movement of the earth in the cut again blocked it in one place and the dredging had to be recommenced.

The committee from the National Academy of Science, designated by the President to visit the isthmus to make a scientific survey of the formation and to develop suggestions for the engineers, whereby work could be undertaken to do away with the probability of fresh slides, reached here yesterday.

McDuffie and Rose, a la Japanese, Will Hunt Down Korean Bandit Keuk Two Nights This Week

Upper picture, left—Three principals and the author of "The Bandit's Downfall." Left to right—Arimura as Yee Yo Keuk, Katagiri as Captain Arthur McDuffie, Fukuhara as Sheriff Rose, and K. Izumi, the author of the drama. Upper right—Principal characters in dramatic production posed for the Star-Bulletin photographer at the Asahi theater.

Lower left—Dramatic scene of Punchbowl street, where the Japanese company theatrical presented one of the scenes of the play at the request of the Star-Bulletin. Left to right, actors, impersonating Captain Baker, Captain McDuffie, Detective Swift, Policeman Gunderson and Yee Yo Keuk. Lower right—The capture of the bandit. "Captain McDuffie" has been wounded and two detectives are holding him up while Yee Yo Keuk is making one last stand. Captain Baker and Policeman Gunderson have the desperado covered.

"Up to the minute drama" has been the slogan of the Japanese Actors' Society for some time. This society or company as it is sometimes called is versatile. One week the thespians tread the boards and as a result we are given "A Midsummer Night's Dream" in the true Shakespearean way. They next produce Bernard Shaw's "Pygmalion," and when you wander around to the Asahi theater the following week you see emblazoned on the four posters "Mr. Arimura presents this evening the celebrated foreign drama entitled 'Why Girls Stay Home.'"

When Dumba was given his 10-day order of release the company was ready for the play "Cast Aside." When Dr. Frederick Cook climbed Fujiyama, the company produced the one-act playlet "Castles in the Air." When Henry Ford left for Europe the opening playlet was "Much Ado About Nothing," and on every occasion the up-to-the-minute features are prominently displayed to the audience.

After wrestling or rather rehearsing "Stranded in Nagasaki, or The Fate of the Nominiko Maru," the company decided that something of a live local interest must be given to the patrons of the theater. K. Izumi, the local Japanese, David Belasco, was called upon to write a play revolving around the terrible escapades of Yee Yo Keuk, the Korean "bad man." In one evening he finished seven of the 12 acts which are filled with gory tales of the terrible escapades of the death-defying desperado. The other three acts were completed the next evening and full rehearsals were held at once.

On Monday and Tuesday evening of this week the Japanese Actors' Society will present a 12-act farce entitled "The Bandit's Downfall, or The Capture of Yee Yo Keuk." Mr. Izumi, the author, was in attendance at the last rehearsal and stated that for actual death-defying, death-defying, death-defying, dramatic delineation this drama could not be excelled. The play deals with every action of the bandit, and the last scene shows the actual capture of the Korean.

Inasmuch as the escapades of Yee Yo Keuk have occupied a long period of time, Mr. Izumi found that he could

'FRISCO CHINESE TO BACK UP REVOLUTION

Associated Press by Federal Wireless] SAN FRANCISCO, Cal., Dec. 20.—A mass meeting of Chinese, made up of representatives from practically every Chinese settlement in the state, was held here last night. Plans for financing a revolution in China against Yuan Shih-kai were taken up and discussed and an arrangement agreed upon.

Tong King Chong, who presided at the meeting and who is president of the Republic Association, in a statement after the gathering, said:

"We are willing to permit Yuan Shih-kai to resign peacefully, if he wishes to save China from a revolution, but if he does not resign there will be civil war. We are determined upon that and we will be fighting against him for liberty and justice."

SLOOP CAPSIZES AND CREW OF SEVEN DROWN

CAMBRIDGE, Md., Dec. 19.—The oyster sloop Lady Harrington, with a crew of seven men, capsized in a gale off the mouth of the Chesapeake yesterday, the entire crew being drowned.

WELL-KNOWN CLUBMAN DIES IN SAN FRANCISCO

Associated Press by Federal Wireless] SAN FRANCISCO, Cal., Dec. 19.—Frank Unger, well known Bohemian Club man, who was a personal friend of the late King Kalakaua of Hawaii and had a host of acquaintances in the islands, died here yesterday.

Scores, perhaps hundreds of Honoluluans will learn with as deep regret as do the members of San Francisco's Bohemian Club of the death of Frank Unger, writer, art connoisseur, famous story-teller and bon vivant. He had made many visits to Hawaii, coming first in the days of the monarchy and at various later times, his most recent trip being last summer, when he resided at Waikiki beach and sought the soft air and invigorating water to check the ravages of encroaching age.

He was boon companion in early days to such men as Prince Cupid, the late Prince David, Col. Samuel Parker, the late W. H. Cornwell, the Spreckels brothers, J. T. McCrosson and W. W. Dimond.

PARIS, Dec. 19.—Edmond Vaillant, noted parliamentarian, member of the house of deputies, died yesterday. He was 76 years old.

IN WAR ARENA

FRENCH BIDS ADIEU TO MEN AT FRONT.

LONDON, Eng., Dec. 20.—Sir John French, who has been commander-in-chief of the British forces in France and Flanders since the beginning of the war, yesterday formally turned over the command to General Sir Douglas Haig, formerly commander of the First British Corps. Sir John will return to England to become commander-in-chief of the forces in the United Kingdom.

In turning over his command, Sir John expressed his sorrow at the changes which were taking him away from the front and from the army which he had led for many months. He stated that he left the command in the hands of Sir Douglas Haig with full confidence in the new commander. In the army and in the ultimate victory that they would win. He praised the officers and the men for the gallant manner in which they had conducted themselves in both defeat and victory.

Sir John reached Paris yesterday and today will be received in audience by President Poincaré.

RENEWED ACTIVITY IN GALLIOLI.

CONSTANTINOPLE, Turkey, December 20.—The British and French fleets, cooperating with the British land batteries, yesterday vigorously bombarded the Turkish positions at Ari Burnu and at Atil.

In the Mesopotamian fighting, the Turkish artillery is destroying the defense works before the main British positions at Kut-el-Amara, on the Tigris, preparatory to an infantry attack. Unofficial reports state that Field Marshal von der Goltz, commanding the First Turkish Division, has established headquarters at Aleppo, in Syria, where he is equipping an army for the invasion of Egypt.

Many German professors are arriving in Turkey, under three year contracts with the government, to be placed in the various schools to teach the German language.

FRENCH AIRMEN RAID METZ COMMUNICATIONS.

PARIS, France, Dec. 20.—With artillery and aeroplanes the French assumed the offensive in the St. Mihiel section yesterday, while a raid by air from Verdun was carried out against Metz.

The French artillery bombarded the German positions southeasterly of St. Mihiel, the aeroplane observers reporting excellent results from the shelling, while some of the German batteries replying were silenced.

The aviators who raided against Metz dropped 40 bombs on the railroad station at Sablon, close to the fortress of Metz, the airmen returning in safety.

GERMANY REPORTS SINKING OF CRUISER BREMEN.

BERLIN, Germany, Dec. 19.—An official report, issued by the admiralty yesterday, confirms the claim made recently by the British that the cruiser Bremen has been torpedoed and sunk in the Baltic by a British submarine, while a German destroyer was also a victim of a British torpedo.

The admiralty report announced that many of the members of the crews of the destroyed warships were saved.

SCENE OF WILD FREE-FOR-ALL

Premier Okuma Is Object of Bitter Attack By the Opposition

(Special Cablegram to Nippon Jiji) TOKIO, Japan, Dec. 20.—Two resolutions for impeachment of the Okuma ministry were defeated yesterday morning.

Following the defeat of the first resolution for impeachment upon four grounds, during the debate on which a free-for-all fight occurred on the floor of the chamber of deputies, two resolutions framed along the same lines were introduced; one by Mr. Ooba, independent, for the impeachment of Minister of Justice Y. Ozaki, for failure to prosecute former Count Oura, implicated in election scandals, and the other by K. Hayashi, member of the Chuseikai party, for that of the ministry on the ground that it was holding office unconstitutionally since it had resigned but reconsidered at the command of the emperor.

Count Okuma spoke from the speaker's bench. He said, in reply to attacks upon the ministry on grounds of unconstitutionality, seeing that it had resigned but had held power at command of the emperor, that it was constitutional in all respects. Radical and hot-headed members of the Seiyukai were inflamed to rage and they rushed toward the bench with the intention of assaulting the aged premier. Doshikai members rose to block them and a free-for-all fight took place.

BARON SHIBUZAWA AND FAIR COMMISSIONERS EN ROUTE FOR HOME

(Special Cable to Nippon Jiji) SAN FRANCISCO, Cal., Dec. 19.—Filled to capacity with freight and passengers, the Toyo Kisen Kaisha steamer Chiyu Maru sailed at 3 o'clock Saturday afternoon for Honolulu and Yokohama.

Baron Shibuzawa and his party, are passengers. The baron has completed a trip through the United States in the interests of a better feeling between the Americans and the Japanese. H. Yamawaki, Japanese commissioner at the Panama-Pacific exposition; Y. Miura, secretary of the Japanese embassy to Washington, and Miss Y. Utagawa, a Japanese artist, are others in the steamer.

Seven women who have been employed by Japanese tea-houses at the fair, and five cherry dancers of the party that has been showing at San Francisco are bound home. The other dancers will go home in the Perla Maru.

Two men, stage hands of the dancers' company, were missing; two others were sent to search for them and they also are missing, and it is believed that they have escaped. Bond of \$500 each was put up for each member of the company before the immigration authorities would give the members liberty. To prevent others from escaping special detectives are guarding the hotel.

NORWEGIAN STEAMER SUNK IN NORTH SEA.

LONDON, Eng., Dec. 20.—The Norwegian steamer Nip, a small vessel, was sunk yesterday in the North Sea.

PANCHO VILLA SEEKING SAFE REFUGE IN U. S.

Will Give Up Fight if Guaranteed Immunity for Past Deeds

(Associated Press by Federal Wireless] EL PASO, Tex., Dec. 20.—Pancho Villa is ready to lay down his claim to leadership in Mexico and acknowledge defeat, if he is allowed to enter the United States under an agreement that he will not be harassed by any legal action on criminal or civil grounds relating to his activities as a revolutionary leader.

This announcement was formally made in his name by representatives of his government, who attended a meeting of United States officials, state authorities and members of the city government, who met in conference with representatives of the Carranza government and the Villista delegates.

The Villistas, who have arrived from the recent conference held by the Villa chiefs in Chihuahua, announced that the further continuation of the fighting in Mexico now rests upon whatever action the federal and Texan authorities decide to take.

If Villa, accompanied by General Francisco, his aid, and Hipolito Villa, his brother, be allowed to enter the United States under a guarantee of immunity, criminal and civil, for anything that has passed, the revolutionary chief and his followers will lay down their arms, and their revolt and turn over to Carranza their entire military and civil organizations.

If the request of Villa for himself, his aid and his brother be not complied with, the fighting in Mexico will go on to the bitter end.

From Calexico it is reported that Governor Cantus of Lower California is preparing to abdicate and the independence which this action of Mexico had claimed will be abandoned. It is probable that Provisional President Carranza will name the new governor of the state. Several of the Cantus officials have already abandoned their posts.

AMERICA'S LAST WORD ON ANCONA INCIDENT SENT

(Associated Press by Federal Wireless] WASHINGTON, D. C., Dec. 20.—The last word from America regarding the destruction of the Ancona and the position which the United States takes over the illegal slaughter of defenseless men, women and children, amongst whom were American citizens, has gone to Vienna, according to the reports last night, it being stated that the second American note had been cabled to Ambassador Penfield for immediate presentation to Baron Surian.

Secrecy concerning the text of the note is preserved, but the general impression given out by the officials of the state department is that the text of the message, as approved by the President, has not been amended in accordance with the suggestion of Charge d'Affaires Zweidkner, in charge at the Austrian embassy.

A prompt answer is demanded before the end of this month.

GERMANY DISAVOWS OFFICIAL CONNECTION WITH "WAR PLOTTERS"

(Associated Press by Federal Wireless] NEW YORK, N. Y., Dec. 19.—There is no official connection between the alleged "war plotters" in the United States and the government of the Kaiser, according to a wireless message to the New York Times from an official source in Berlin.

"Germany has never knowingly accepted illegal support in the conduct of the war," says this despatch. "Illegal support in America has never knowingly been accepted by Germany, and this government would punish such persons as claim to be agents of Germany if America should prove them to be guilty."

RICH HAUL OF OPIUM MADE ON SEIYO MARU

(Associated Press by Federal Wireless] SAN FRANCISCO, Cal., Dec. 19.—Opium to the value of \$34,000, contained in 70 cases, consigned by a Hongkong dealer to a purchaser in Salina Cruz, Mexico, was seized here yesterday when the Japanese steamer Seiyo Maru reached this port, en route to Mexico. The opium was not concealed and was openly set forth in the ship's manifest, the shippers being under the impression, evidently, that the drug would not be interfered with unless some attempt to land it on American soil were attempted.

HENRY FORD IS DISPLEASED AT BRITISH HOLDUP

Bryan Joins Party in About Two Weeks With Definite Program for Work

(Associated Press by Federal Wireless] CHRISTIANIA, Norway, Dec. 30.—"The landing of this party, composed of individuals seeking to restore the peace of Europe, will some day be recorded as one of the most benevolent acts ever undertaken by the United States," declared Henry Ford, the maker of the peace expedition, in an interview immediately after the delegates landed from the Oscar II, which reached this port from Christiania yesterday.

The Ford delegates express freely the displeasure they feel over the fact that their ship was taken into Kirkwall by the British.

Mr. Ford expresses his confidence that he will succeed in his peace mission before the spring. He hopes to add to the number of the peace seekers in his party by securing the cooperation of citizens of the neutral countries of Europe, who will join the party and take part in its work. The party will arrive at The Hague in two weeks, where it will be joined by William Jennings Bryan, who is coming to Europe with a definite program for consideration by the peace seekers, a program upon which they may concentrate their efforts.

FORD DIVULGES HIS PLAN TO TERMINATE EUROPEAN CONFLICT

(Associated Press by Federal Wireless] LONDON, Eng., Dec. 19.—The liner Oscar II, with Henry Ford and his party of American pacifists, reached Christiania, Norway, yesterday, the ship docking without any ceremony, while the Norwegians gave no special reception of welcome to the peace voyagers.

Newspapermen were allowed aboard and the first interviews with the members of the party since they left New York were obtained. Mr. Ford and Madame Schwimmler, the latter an Austrian peace maker, who denied that there had been any disagreement en route, denied which the American newspapermen aboard confirmed.

Questioned by the newspapermen as to his ideas concerning the peace terms to which the belligerents should be asked to agree, the American motor manufacturer said that the basis of peace should be a return to the conditions that preceded the outbreak of the war.

It is reported that some members of the party, who are in ill health, will leave the ship at Christiania and return to the United States.
